G. J. SPATUZZA AGAIN HEADS SONS OF ITALY

Chicago Attorney
Re-elected State
Venerable

SESSION ENDS

(Pictures on Page 8)
George J. Spatuzza, Chicago attorney, was re-elected grand venerable of the Order Sons of Italy at the close of their bi-annual convention Sunday in the Hotel Kankakee. Spatuzza begins his fourth two-year term.

All other officers were returned to their posts, including Grand Trustee Victor N. Gardoni of Kankakee, and one new one was added to fill a vacancy existing among the trustees—Frank Minardi of Chicago.

The convention adopted a resolution approving the plan to erect an Italian temple in Chicago for educational, social and recreational purposes. Subscriptions totalling \$10,000 were pledged in open convention as a start toward the building fund. Construction details will be worked out later, it was said.

Juvenile Program
Attorney Dante Taducci of Chicago was appointed to head the new sanctioned juvenile program of the organization, setting up a definite youth program for children aged 1 to 16 years who are of Italian extraction. The assembled delegates also went on record pledging their support to continue friendly relations between America and Italy; they also thanked the merchants, the press and other local groups who helped make their convention a success.

The site of their next convention in 1939 will be left to the decision of the board of control, with Chicago Heights deemed as the likely host city next.

Following adjournment of the convention at 1:30 p. m. yesterday, the delegates were transported to Waterman park where the annual picnic of the local lodge of Sons of Italy and auxiliary was in progress.

Other Officers
Besides the officers named above, others re-elected were: Peter Pazio, Chicago, assistant grand venerable; Vito Cuttone, Chicago, ex grand venerable; Nick DeFiorio, Chicago, orator; Paul Louero, Chicago, recording.

Colored CCC Man Jailed After Row

Henry Shannon, colored CCC worker of Camp Gilman, was arrested Sunday afternoon by Officers Daniel Bergan and Loren Hayes on a warrant charging him with assault and battery.

Before Police Magistrate Edward Hennicke this morning, he pleaded guilty to striking Mrs. W. M. Pankey of 719 North Woodstock avenue, who exhibited a black eye as evidence. He was fined \$25 and costs and was remanded to jail.

Shannon got into an argument with Mrs. Pankey's daughter Marie to precipitate a free-for-all in which Shannon was stabbed in the shoulder by Marie's brother Leon, who came to her aid. Shannon said he aimed a blow at Leon but his fist landed on Mrs. Pankey's eye instead.

He then ran, he said, because he didn't have a knife to protect himself. "I'll be back," he added, "and both look different this morning."

8 Residents of Kankakee Are Now Licensed Plane Pilots

Washington, Aug. 2.—(RN Special)—Eight residents of Kankakee now hold airplane pilot licenses it was announced today by U. S. Bureau of Air Commerce.

Of the eight aviators, three hold transport permits, the highest flying license issued by the government, which permits them to fly commercial transports on regular runs carrying passengers and mail. The men are:

10 Cars Leave
I. C. Tracks at
Gilman Sunday

Gilman, Aug. 2.—(RN Special)—Eleven box cars on a southbound Illinois Central freight train were derailed near the Whitlow oil station here early Sunday morning. It was the second wreck on the railroad within two days in this vicinity.

A burned out journal bearing was given as the cause of the Gilman accident. No one was hurt, but five cars containing oats, wheat and coal were piled up and nearly demolished.

A stub track leading to the oil station was also torn up.

On Friday morning a southbound I. C. freight was halted in Kankakee when 10 boxcars were derailed as a wheel broke off.

Abroad Coast Guard Cutter Argosy off Newport, R. I., Aug. 2.—(AP)—The sloop Ranger, sailing within an hour of the start, Harold S. Vanderbilt's sloop, today scored her second successive triumph over the sixteenth British challenger, T. O. M. Sopwith's Endeavour II. Ranger rounded the final marker of the 30-mile triangular course with two and a half miles to spare, and won as easily as in Saturday's inaugural.

Ranger crossed the finish line at 2:21 p. m. (est.), unofficially, with Endeavour trailing so far behind that she had been deserted entirely by the spectator fleet.

Board Coast Guard Cutter Argosy off Newport, R. I., Aug. 2.—(AP)—Harold S. Vanderbilt's Ranger, sailing her second race in defense of the America's cup, turned the second mark today at 1:27 p. m. (est.) with T. O. M. Sopwith's challenger Endeavour II, nearly two miles astern.

The defender appeared headed for a hollow triumph as she scored in Saturday's opening race, and she started on the final 10-mile leg to the finish line.

Off to Good Start
Ranger, victor in Saturday's first race over a 30-mile windward-leeward course, was outmaneuvered at the start of today's race, and trailed by as much as 700 yards during the first hour. Soon, however, Ranger showed greater speed and at 1:55 p. m. was leading.

Sopwith clearly won the start Endeavour was nearly maneuvered into the weather berth and Vanderbilt eased off when he realized this. Endeavour started on a starboard tack, that is, with the wind blowing into the starboard (right) side. Ranger was on a port (left) tack. Soon after the start was made, Endeavour, sailing beatifically, was approximately 50 yards ahead.

The first leg of the triangular course was to the southwest. This

BULLETIN
Tokyo, Aug. 2.—(AP)—After an urgent conference with Premier Fumimaro Koyama, Emperor Hirohito approved today sweeping changes in the Japanese army in what was believed preparation for extended warfare with China.

Four new divisional commanders and a new commander for the former Chinese island of Formosa were named by the emperor. All except one have had extensive experience in China, indicating the four divisions may be preparing for embarkation to the North China war zone.

Emergency fiscal and commercial measures put Japan on a virtual national wartime footing today for the first time since the Russo-Japanese war.

By J. D. WHITE
Peiping, Aug. 2.—(AP)—Japanese troops in control of China's ancient dragon capital, closed the gates of Peiping today, virtually imprisoning Americans and other foreigners within the walls.

Squadrons of Japanese war planes blasted a path for a thrust deep into China.

Japanese authorities said their planes had been bombing Chinese army concentrations at Paoingfu, capital of Hopeh province 85 miles to the southwest, for the last 24 hours. Japanese scouting planes were ranging as far south as Tsinan in Shantung province, some 175 miles below Tientsin.

Authoritative reports to Nanking from Shantung province corroborated a belief that the Chinese central government was massing men on the southern edge of the hostilities zone. They said troops were moving north by railroad, evidently toward the Hopeh border.

Erect Fortifications
Although Japanese asserted the area around Peiping was quiet their erected heavy fortifications at both the east and south gates of the city.

The Japanese army, heavily reinforced, was penetrating rapidly to the south along the strategic railway to Hankow, which has been the main artery of the reported advance.

Some 50,000 central government troops commanded by Gen. Chen Cheng.

Avalanche Sweeps 2 Youths to Death

Rockport, Mass., Aug. 2.—(AP)—Sorrowing parents today claimed the bodies of two Belmont youths swept to death yesterday under an avalanche of huge granite rocks when the entire side of a 100-foot promontory collapsed beneath them.

The youths, Herbert Anderson, 18, and Chester Eroy, 17, were members of a group of gay picnickers, including four girls. Two of their companions, Norman W. Dick, 19, and Charles Craig, 19, both of Belmont, escaped a similar fate by leaping as a key rock gave way.

MODEL ENGINE REALLY RUNS AT MOMENCE

The eyes of young boys—and some older ones, too—danced with delight Sunday at Island park. Momence when they witnessed the Chicago Model Builders club members put their steam models into operation on a half-mile track especially laid for this show.

Above is Roman Santangelo of 749 Rockwell street, Chicago, with his model train complete in every detail. It took him three years to build and ran the first time under its own power. Below, is John Matthews of 6349 Dorchester avenue, Chicago, beside his team tractor which he spent 2,000 hours constructing. The tractor weighs 148 pounds, generates steam pressure of 120 pounds, and has pulled an automobile containing five persons.

MANY FARMERS ATTEND SECOND "ALFALFA" DAY

County Should Have
Acre Alfalfa for
Every Cow

(Picture on Page 8)
Several hundred eastern Illinois farmers gained profitable and practical lessons in the cultivation of alfalfa, greatest of all legume crops, at the second annual Alfalfa day demonstration sponsored Saturday by the Republican-News on the Lawrence Lowe farm at Aroma Park.

Many of the farmers went to the direct to the demonstration. Charles R. Hutcheson, nationally known authority on alfalfa and editor of Modern Agriculture magazine, during the day and consulted him on their own special cultivating problems. All questions were carefully considered.

"As long as Kankakee county does not have an acre of alfalfa per cow, it will lose a large portion of agricultural profit that it otherwise might enjoy," Hutcheson declared. "The farm income in this county could be raised by \$350,000 with the proper amount of alfalfa," he said.

Sweetens Soil
Calling attention to the importance of sweetening the soil by adding lime, he said the yield would be much greater when the crop is properly cultivated. He showed how to run a spring tooth harrow on the second year, after cutting, to spread inoculation, kill weeds and loosen the soil.

"Alfalfa must not be starved to death," he cautioned. "It must not be cut too late or too close." Methods of preparing the seed were discussed.

Butchers Here May Strike Wednesday

Owners of butcher shops in the city have been served notice by union butchers that they have until tomorrow night to sign contracts boosting wages and reducing hours. It was indicated that those owners who don't meet their terms will be without butchers or helpers by Wednesday morning. These reports were neither confirmed nor denied by union officials today who refused any comment.

From other sources it was learned that the proposed agreement calls for a 40-hour work week with salaries of \$30 per week for butchers and \$22 per week for apprentices.

Rape Attempt Is Charged To Farm Boy, 15

Henry Patterson, 15, farm youth residing three miles northwest of Bourbonnais, was a prisoner at the county jail charged with attempted rape.

He was arrested by Sheriff John Stack and Deputy Gene LaFontaine after they learned of advances which he is said to have made toward two daughters of Mrs. Agnes Messier, residing near Bourbonnais.

The girls, aged 13 and 14 years, were riding their bicycles on the road near the cemetery west of Bourbonnais on Friday, they said, when they were accosted by a young man who had them get off their wheels and asked one to come over in the corn field with him. He jerked her arm and pulled at her dress. At that moment "Pat" Regnier came along the road with a water wagon and the man fled through a field.

From the description given them, the officers searched the vicinity and picked up Patterson.

YOUNG COMET THRILLS U. S. ASTRONOMERS

Telescopes Trained
on Streaking Bit
of Light

Chicago, Aug. 2.—(AP)—Telescopes all over the United States were trained today on a streaking bit of glowing light up near the pole star as Pons's comet—discovered a month ago—whirled through its third night of visibility.

But the celestial show was not for the savants alone. With the naked eye, Prof. George A. Van Biesbroeck of Yerkes observatory said, amateur astronomer may see the comet as "a medium-sized star, not quite as fat as the ordinary star" tearing through space at an estimated speed of 20 to 30 miles per second.

And up on the rooftops, where the street lights won't interfere with observation, the rank amateur with ordinary opera glasses can see the comet's full glory—and all. Although the tail, Prof. Van Biesbroeck said, is smaller than that of other well-known comets like Halley's, Encke's and Ryves', the cheapest magnifiers will reveal the spouting particles thrust out from the main body of flaming matter by pressure generated by the sun.

"Watch It Move"
If the amateurs look long enough, Prof. Van Biesbroeck said, he can see the comet move "hour by hour" across the sky on a trial the astronomers have charted with corroborated accuracy.

Tonight the comet will be almost directly to the right of the pole star. It will travel directly down the sky, toward the middle of the big dipper's handle.

On August 12, the comet, discovered last month by Dr. P. F. Schlaser of Zurich, Switzerland, will reach its maximum brightness and be 90,000,000 miles from the earth. That night it will be just below the handle of the big dipper.

OTHER CRASHES

One person was killed and two others injured in a head-on collision of two automobiles at 1:30 o'clock Sunday morning on highway 40 at the curve north of Manteno.

In seven other accidents reported to local authorities over the weekend, six more persons were injured. At Manteno, two autos apparently took the same lane in rounding the curve. Fred Hansen, about 45, of 5837 South Troy street, Chicago, was instantly killed. He was riding alone and sustained a broken neck.

Has Broken Hip
The two occupants of the other vehicle, Robert Porter, 21, of Champaign and Wilma Edwards, 20, of 1032 South East avenue, suffered painful injuries. Miss Edwards is believed to have a broken hip.

They were removed to St. Mary hospital in an ambulance. Hansen's body was taken to the Harvey undertaking establishment in Manteno where Deputy Coroner Edward P. Madison will conduct an inquest at 10 o'clock Friday morning.

News Out Of
At 3:30 o'clock Sunday morning William Manny, 25, of St. Anne, was driving on the Dixie highway one mile west of Kinney's corner when he lost control of his car. It went into the ditch and struck a culvert. His nose was heavily cut and, according to a report to city police Saturday.

Cyclists Hurt
Clifford Coash, 13, of 290 North Euclid avenue, Bradley, and Catherine Wasetski, 12, of 329 Broadway avenue, Bradley, were the cyclists. Their wheels were wrecked when it struck the auto of Arthur Boucher, 1119 North Schuyler avenue.

Other minor crashes reported to police involved autos of Roy Tucker, 665 East Merchant street, and Sam Strassburg of Chicago, at Court and Indiana; C. Saindon of Champaign and Charles Hoffman of Vincennes, Ind., at Washington and Hickory; Fred Kline 368 South Greenwood avenue and George Swetznyski of route 2, Momence at Court and Schuyler; Phillip Arrandone of Joliet and Olive Keppin, 492 North East avenue.

Normandie Claims New Speed Record

New York, Aug. 2.—(UP)—The Normandie docked today, claiming a new speed record of three days, 23 hours and two minutes from Bishop Rock, England, to Ambrose lightship, a distance of 2,996 miles.

It was the first time the voyage had been made in less than four days. The previous east-west record was made by the Queen Mary, which traveled a slightly longer distance—3,097 miles—in four days, seven hours and 12 minutes.

The Normandie averaged 30.58 knots from Bishop Rock to Ambrose lightship. The best day's run was 781 miles at an average speed of 31.24 knots.

The vessel had been fitted out for the trip with new screws designed for greater speed.

The west-east record run—three days, 23 hours and 31 minutes—was made by the Queen Mary Aug. 30, 1936.

Charles Hildebrand Will in Probate

FATHER STEALS HIS OWN CHILD FROM GRANDMA

New Jersey Citizen
Flies Across the
Country
LANDS IN JAIL

Chicago, Aug. 2.—(UP)—Accused of "stealing" his baby daughter and fleeing with her in a chartered plane, John Hayes, 33, Mahwah, N. J., was held in jail today while police awaited appearance of a warrant from San Francisco.

Police Chief J. W. Quinn, San Francisco, said he was forwarding a warrant sworn out by the child's maternal grandmother, Mrs. Charlotte E. Pendergast, charging Hayes with "child stealing."

Hayes, who traced his family back to William the Conqueror and has inherited thousands of dollars, was angry and indignant. He promised he would "fight extradition as long as I can talk."

His mother, he said, promised he could use all of the \$15,000 she has in the bank to fight for Patricia Ann's custody. In addition, he said, he has inherited some money from his maternal grandmother, Mrs. Francis I. Maule of Philadelphia.

As her father paced restlessly in his cell at the detective bureau, Patricia Ann Hayes, 28 months, played tranquilly in St. Vincent's orphanage.

Hayes insisted, Mrs. Pendergast "had no legal grounds to take out a warrant against me."

He married Elizabeth Pendergast six years ago, he said. Last February he went to New Orleans on a business trip, and while he was there his wife advised him she had started divorce proceedings.

"The news was a complete surprise," he said. He then went home to his mother's estate at Camp Park, N. J.

"I didn't hear any more from her. But near the end of June had a premonition something was wrong in California. So I put in a long distance call for my wife—and they told me she had died the day before."

Hayes said his wife left \$30,000 intestate. That left \$15,000 for him and \$15,000 for Patricia Ann.

Guardianship Petition

He wanted his daughter, but his mother-in-law insisted she keep Patricia Ann, "to safeguard" the child's \$15,000. Hayes then put his money in a trust fund for Patricia.

But five days ago he received notice Mrs. Pendergast had filed a petition for guardianship. He expected to settle the matter in court, but Mrs. Pendergast "kept dragging it out," he said, and he tired of waiting.

Somebody told him if he could get his daughter out of her grandmother's house without force, and get out of the state, he would be safe.

He flew to Alameda, and chartered a plane to Reno. Then he returned to San Francisco, obtained aid of a school teacher to witness that he was not using force, and called on Mrs. Pendergast.

He asked if he might take Patricia Ann "to the zoo." What he meant—but didn't say at the time—was the Bronx zoo. He took his daughter to Reno, telegraphed Mrs. Pendergast and announced his intentions, then boarded an Airlines plane for the east.

Mrs. Pendergast hastened to swear out a warrant, and Chief Quinn notified Chicago police to meet Hayes and Patricia Ann as they stepped off their plane.

House Waits Week to Debate Measure

Washington, Aug. 2.—(AP)—The house, despite the rush to clean up the administration program and adjourn, probably will delay debating the senate-approved wage and hour bill until next week.

Its labor committee virtually has completed a new draft much broader than the senate measure, but will meet again tomorrow for further consideration.

Chairman Norton (D-NJ) said the bill would be reported to the house not later than Wednesday. Leaders

have arranged, however, to take up legislation for sugar production control on Thursday.

The house draft of the labor standards bill would permit a proposed board to fix minimum wages as high as 70 cents an hour and a work week as low as 35 hours.

This contrasts with the limitations of 40 cents and 40 hours in the bill which won senate approval Saturday by a vote of 56 to 28.

The bill went through the senate with only one major change. This substituted the Wheeler-Johnson child labor bill for less sweeping child labor provisions.

The Wheeler-Johnson proposal would forbid shipment of goods produced by child labor into a state in violation of its laws and also would bar such shipments from interstate commerce. The child labor age limit was fixed at 16, except for hazardous industries, in which it was made 18.

Control of wages and hours in the bill is based on congress powers to regulate interstate commerce.

time in the federation's history it was expected no delegates would represent the great textile industry.

Penton said however, two Fishersville men might be admitted as delegates under a new federal charter and that a charter was in being granted at Dudley.

When the movement spreads, he said, a new international textile union will be created.

Later the two Fishersville men were seated as delegates of the textile industry.

With creation of a new international textile union, Penton said other international could be organized as the campaign spreads into rubber, automobile, electric, and other plants.
